TO WHOM IT MAY CONCERN

Dear Sir/Madam,

RE: RECOMMENDING SCALE INTERIORS LIMITED

I am writing to recommend the services of Scale Interiors Limited. We have worked with them for over 4 years and highly recommend them as an excellent Interior Design Organization. We have worked with them in our 14 Sleep Centre projects.

Scale Interiors Limited has integrity; they stand by their word and their work is successful with regards to budgets, construction timelines and overall project quality. If there is a situation on a project requiring changes or additions to the original work, Scale Interiors Limited is always proactive in suggesting possible solutions and helpful in bringing about the changes.

We noted the high attention to details and timely execution in the agreed deliverables. All necessary changes were priced quickly and fairly.

Silent Night Bedding is happy to recommend Scale Interiors Limited for future projects. We have had many positive comments from a wide range of customers with respect to the design and interior details in our retail outlets.

Yours Sincerely,

Talib Nathani
Managing Director
