TO WHOM IT MAY CONCERN

Dear Sir/Madam

RE: RECOMMENDING SCALE INTERIORS LIMITED

This is to confirm that Scale Interiors Ltd was our contractor in our project at Fortis Suites, second floor, upperhill.

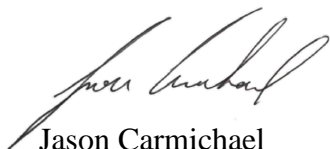

The project comprised of Fit – out which included partitioning using gypsum board, aluminum, glass, sliding glass doors, tiling, joinery, electricals, furniture and all furnishing.

Their workmanship was of highest standards and we were very impressed especially with their commitment to quality.

We found them to be proactive and full of positive alternative approaches to fit work details.

We were satisfied with their work and have no hesitation in recommending them for any building works as interior Fit-out contractors.

Yours Sincerely,

Jason Carmichael
CEO & Co-founder
